21 DR. JIM KRYSAN
22 Lab Director, USDA
23 Agricultural Research Service
24 Yakima, Washington

25 MR. ALVIN HUMPHREY
Safety & Health Manager, USDA
Albany, California

1 BE IT REMEMBERED that on Thursday,
2 September 10, 1992, commencing at 7:00 p.m., at 102
3 North Third Street, Yakima Valley Regional Library,
4 Yakima, Washington, the hearing on CLEANUP OF YAKIMA
5 PESTICIDE LAB SITE was taken before Dorene Boyle,
6 Court Reporter and Notary Public.

7 The following proceedings took place:

8
9 MR. PHALEN: My name is Dan Phalen, and
10 I'm with the Environmental Protection Agency.

11 It's now 7:30 p.m. This is a public hearing on
12 the Yakima Pesticide Lab Site, and this is a public
13 hearing on the proposed plan for that site.

14 It's a meeting, and we have five people in
15 attendance representing agencies. These people are
16 directly familiar with the site and have read the
17 materials, and a formal presentation is not
18 necessary, and these people will not be providing
19 any public comment at this evening's meeting.

20 There are no members of the public here at this
21 meeting tonight. The meeting was advertised in the
22 Yakima Herald, and there was television coverage
23 previously advertising the meeting, and this evening
24 there was a television coverage advertising the fact
25 that this meeting was going to occur. So there has

1 been a substantial effort to inform the public and
2 to involve the public.

3 We expect that there may be some written
4 comments from the public. The public comment period
5 will be closing on the 22nd of September.

6 Also representing EPA is Lynda Priddy, who is
7 site manager. And after that introduction, I'd like
8 to formally close this public hearing. Thank you.
